

LIGHTROOM

Week 4-5: 21 Sept – 2 Oct
Design and Layout: Intro to InDesign

Check list

Blog posts to improve/ Actions to take

Assessment Objectives
Self-evaluate
Award marks

EDITING > LIGHTROOM

- Import images from folder on M:drive into Lightroom
- Create Collection Set: LOVE & REBELLION
- Create Collection: A LOVE STORY SHOOT 1 under the above Collection Set
- 1st Edit using selection tools such as Pick (P) and Reject (X) – 100-50 image
- 2nd Edit using 3-5 stars rating – 50-60 images
- 3rd Edit using Colours, Yellow and Green for a final 20-30 images
- Use Compare and Survey View for selecting best images
- Produce print screens from each stage of editing and produce a blog post with annotation

DEVELOPING > LIGHTROOM

- Basic adjustment in COLOUR using *White Balance / Exposure / Levels / Brightness / Contrasts / Highlights / Whites/ Blacks*
- Advanced adjustment: *Cropping/ Spot Removal/ Graduate Filter / Adjustment Brush/ Lens Correction/ Transform / Vignetting*
- Export to EDIT folder: Set of colour images in high-res as tiffs (4000 pixels on long edge) for further experimentation in Photoshop
- Export to BLOG folder: same set of colour images as above in low-res jpgs (1000 pixels) to upload to blog post with annotation
- REPEAT same procedure as above in BLACK & WHITE and export both a set of high-res (4000 pix) and low-res (1000 pix)
